

European Electromobility Stakeholder Forum

Preparing an effective electromobility system for Europe

June 4th. 5th, 2014

Brussels, Diamant Conference and Business Centre

The EU's three flagship electromobility projects will present their findings and plans on electromobility in Europe, covering topics such as roaming, standardisation, electric urban freight and the benefits of electric vehicles to society and the environment.

Day 1: Morning

08:30	Coffee & Registration	
	Opening Plenary Session	Moderator: Conor O'Brien <i>ESB</i>
09:00	Welcome	Conor O'Brien <i>ESB</i>
09:15	Introduction to EC electromobility projects	Magda Kopczynska <i>Director, Innovative & Sustainable Mobility, DG Move</i>
09:30	The past year in the electromobility sector	Carlo Mol <i>Flemish Living Lab, Electric Vehicles (GeM External Co-Chair)</i>
09:45	Project Introductions (Green eMotion, FRevue, ZeEUS)	Project Coordinators: Heike Barlag, Matthew Noon & Umberto Guida
10:30	Coffee & Networking	
	2nd Plenary Session: Views on electromobility	Moderator: Jos Streng Advisor Sustainable Mobility/EEO Coordinator, <i>City of Rotterdam</i>
11:00	Keynote - Benefits of electromobility	Aleksander Lazarevic <i>DG Enterprise & Industry</i>

European
Commission

11:20

Words from the stakeholders: their perspective on electromobility and what needs to be done to enhance adoption

Marianne Mølmen – Senior Executive Officer, *Agency for Urban Environment - City of Oslo*

Petr Dolejši – Mobility & Sustainable Transport Director, *ACEA*

Sr. Francisco Gonzalez-Balmas – Bus Technical Director, *Transports Metropolitans de Barcelona [TMB]*

Stefan Baguette – Market Analysis Manager, *Solaris*

Anya Bramich – Marketing Manager, *Zero Carbon Futures (UK)*

12:35

Lunch

Day 1: Afternoon

13:45	Session 3: Parallel workshops (3 tracks)		
	<p>Make it fit – Standards for electromobility solutions</p> <p>Hector Olabe – Electromobility Program Manager, <i>IRIZAR</i></p> <p>Filippo Colzi – Research Engineer, <i>RSE</i></p> <p>Silvio Weeren – Executive Staff - Technical Relations Electromobility IBM</p>	<p>Powering E-Mobility – Challenges and Opportunities</p> <p>Moderator: Philip Stein – Lead Expert, <i>EVUE II</i></p> <p>Thomas Wiedemann – Project Manager, New Technologies, <i>RWE</i></p> <p>Prof. Dr. Adolf Müller-Hellmann, Institute of Power Electronics and Electrical Drives, <i>RWTH Aachen University</i></p> <p>Peter Harris – Director of Sustainability EMEA, <i>UPS</i></p> <p>Narcis Vidal – Research, Technology Development and Innovation, <i>Endesa</i></p>	<p>Environment and Health – e-mobilities raison d'être?</p> <p>Moderator: Matthew Noon – FREVUE Coordinator, <i>Cross River Partnership</i></p> <p>Luis de Prada – RTD International Projects, <i>CIDAUT</i></p> <p>Christian Schweizer – Technical Officer Transport and Health, <i>WHO</i></p> <p>Danielle Cohen – Deputy CEO, <i>Better Bankside</i></p>
15:15	Coffee & Networking		
15:45	Session 4: Parallel workshops (3 tracks)		
	<p>Developing new business models for electromobility</p> <p>Moderator: Sylvain Haon – Secretary General, <i>Polis</i></p> <p>Ruud Bouwman – Managing Director,</p>	<p>Innovative solutions for the implementation of electromobility in Europe</p> <p>Mark Daly – Demonstration Projects Manager, <i>ESB</i></p>	<p>Performance indicators and testing methodologies for EVs</p> <p>Moderator/ speaker: Flavio Marangon – Transportation and Logistics Engineer, <i>Dappolonia</i></p>

	<p><i>Advanced Public Transport Systems BV</i></p> <p>Eduardo Zabala <i>Research Manager, Tecalia</i></p> <p>Hilke Rosler <i>Energy Researcher, ECN</i></p> <p>Jean-Luc Jarrin <i>Qualified Expert</i></p>	<p>Michael Schlick <i>Bosch</i></p> <p>TBC <i>EDF</i></p> <p>Konstantin Engelbrecht <i>Green eMotion WP8 leader, Siemens</i></p> <p>Narcis Vidal <i>Research, Technology Development and Innovation, Endesa</i></p> <p>Olivier Paturet <i>General Manager Zero Emissions Business Unit, Nissan</i></p> <p>Umberto Guida <i>EU Projects Director and ZeEUS Coordinator, UITP</i></p>	<p>Bart Benders <i>Development Engineer, FKA</i></p> <p>Hans Quak <i>Senior Research Scientist, TNO</i></p>
17:15	End of workshops		
17:30	Cocktail Reception		

European Commission

Day 2: Morning

08:30

Coffee & Registration

Session 5: Project Specific Workshops (3 tracks)

09:00

ZeEUS session:

Role of electric buses in multimodal public transport

Moderator: **Elios Pascual** Ę Strategic Advisor

Umberto Guida Ę EU Projects Director and ZeEUS Coordinator, *UITP*

Martin Schmitz Ę Technology Director, *VDV*

Ulf Gustafsson Ę Senior Manager Public Affairs, *Volvo*

Mike Weston Ę Director of Operations, Buses, *Transport for London*

Gunnar Lorenz Ę Head of Unit - DSO, *EURELECTRIC*

FREVUE session:

Electric Freight Vehicles for Urban Logistics

Matthew Noon Ę FREVUE Coordinator, *Cross River Partnership*

Tariq van Rooijen Ę Senior Project Manager, *TNO*

Lisa Hadden Ę FREVUE Project Manager, *Cross River Partnership*

Peter Harris Ę Director of Sustainability EMEA, *UPS*

Erik van Duin Ę Manager Fleet & Subcontracting Benelux, *TNT*

Dan Dura Ę Head of European Integration and Development Strategies Department, *Municipality of Suceava*

Green eMotion session:

Integrating e-mobility system and infrastructure

Cristina Corchero Ę Researcher, *IREC*

Dr. Panagiota Dilara Ę Project Leader for Electromobility Modelling, *European Commission Joint Research Centre, Institute for Energy and Transport*

Elisabetha Cherchi Ę Associate Professor, *DTU*

Ian Winning Ę Transportation Manager, *Cork City Council*

Norbert Vierheilig Ę WP Leader, Dissemination, Green eMotion - *Siemens*

10:30

Coffee & Networking

11:00

Closing Plenary Session

Moderator: **Carlo Mol**, *Flemish Living Lab, Electric Vehicles*

What is the status of electromobility in Europe today and what are the necessary next steps for wide scale adoption of EVs

Round table format:

Heike Barlag, *Green eMotion*
Umberto Guida, *ZeEUS*
Matthew Noon, *FREVUE*
Hugues Van-Honacker, *DG MOVE*

11:45

Concluding Remarks

Project Coordinators

12:00

Lunch
